The Honorable Silvestre Reyes
Chairman
Permanent Select Committee
on Intelligence
U.S. House of Representatives
Washington, D.C. 20515

Dear Mr. Chairman:

This letter is to keep you fully and currently informed about Central Intelligence Agency's (CIA) grant from the National Museum of the USAF of an A-12 OXCART surveillance aircraft to be displayed at the George Bush Center for Intelligence (GBCI).

The A-12, now decommissioned by the Air Force, represented both an extraordinary technical achievement and very successful cooperative venture with the Air Force and private industry. CIA's display of one of only nine remaining A-12s will serve as an historical example of the innovation and creativity of our organization. Additionally, two stars will be displayed at the site to commemorate the ultimate sacrifice of two CIA pilots.

The current schedule has the A-12 arriving at CIA beginning on 9 August 2007 for assembly and display during our 60th Anniversary in September. Once the installation site is finished, the aircraft will be placed in its final location on the northeast side of the GBCI.

Originals of this letter are being sent to the Ranking Member of the House Permanent Select Committee on Intelligence, Chairman and Vice Chairman of the Senate Select Committee on Intelligence, the Chairman of the House Appropriations Subcommittee on Defense, and the Chairman of the Senate Appropriations Subcommittee on Defense.

The Honorable Silvestre Reyes

Please do not hesitate to call me if I may be of further assistance. I can be reached at [redacted].

Sincerely,
